Re: COVID – 19 Virus Update re: Golf NSW Events

Golf NSW has been monitoring the regular updates and advice being provided by government health authorities regarding the COVID-19 virus.

In coming weeks Golf NSW has a number of events which are as much about social engagement and the celebration of club team achievements as they are about the playing of golf. In addition, a number of our events also require significant travel by staff, participants and spectators. As a result of the increased risk to the health of all involved, the Board of Golf NSW has determined that these events will be postponed.

The postponement will enable future enjoyment of the event by the participants, caddies and spectators and also for maximising opportunities for the host clubs.

It has been determined that the following events be postponed until further notice:

- Women's Grade Pennant
- NSW Sand Greens Fourball at Walcha
- Metropolitan Major Pennant Semi Finals and Relegation matches
- Metropolitan Major Pennant Finals
- NSW Senior Foursomes Medal at Orange
- NSW Senior Championships at Orange

All entrants in these events who have paid an entry fee will receive a full refund in the coming days.

Clubs holding Senior Order of Merit Events and Vardon / Jean Derrin events will not have the scores returned included in annual points tables or in scoring averages.

Decisions relating to events scheduled for dates after May 1, will be made at least a month prior to the scheduled event.

Yours sincerely
